Order

With the TRIZ community strongly growing and expanding in the People's Republic of China, an increasing number of TRIZ community and practitioners take part in TRIZ trainings and apply for certifications. Various providers of TRIZ training come out in the market as well. Meanwhile, a considerable number of TRIZ selfeducated lovers learnt by themselves look for accredited experts for certification. In order to further control and manage the quality of certification and accreditation programs by different providers as well as expanding the MATRIZ community, it is necessary to establish MATRIZ Training and Certification Center. It is also a good start to establish the Center in China and further promote to other countries worldwide. In view of above mentioned

I order:

Vice President of MATRIZ in the People's Republic of China Dr Alp Lin should organize Chinese MATRIZ Training and Certification center with the following main goals and tasks:

1. Goals:

- Promoting TRIZ methodology as a tool for intensification of innovative activities in different organizations in the People's Republic of China including Hong Kong, Macau, and Taiwan.
- Strengthening the recognition and value of MATRIZ certification system.
- Controlling the quality of training, certification and accreditation process.
- Expanding the number of trained, certified and accredited TRIZ practitioners and TRIZ experts in the People's Republic of China.

2. Tasks:

- Carrying out the training and certification of TRIZ specialists.
- Setting up a platform with question database of L1-L3 certification test for individual students.
- Setting up a hands-on practice school.
- Providing facilitation for TRIZ L4 – L5 certification and accreditation application.
- Setting up a database of information and training materials, hands-on practice, scientific and engineering, educational and other materials on TRIZ.
- Organizing the development TRIZ training materials.
- Organizing events, conferences and seminars on TRIZ for experience sharing.
- Establishing relations with universities and companies for creating internal certification system.
- Providing resources and support for MATRIZ member organizations such as visits, lectures, seminars.
- Facilitating TRIZ innovation practice and application to solve real projects in companies.

Dr. Sergey Yatsunenko,

MATRIZ President
