

**Price sheet for the Certification Procedure
(to the Provisions for Authorized Representatives of MATRIZ on certification)**

Authorized representatives independently determine the price for their services related to certification - starting from "free of charge" to any price appropriate at the market.

For each certified person the Authorized representative is obliged to remit to MATRIZ the amount in US dollars listed in the table below:

Level 1 certificate	Level 2 certificate	Level 3 certificate
50	100	200

The money can be wire transferred to the MATRIZ bank account.

For the issuance of Level 4 certificate, a person must wire transfer \$300 US to the MATRIZ bank account.

For the Level 5 certificate, a candidate must wire transfer an amount equivalent to \$250 US to MATRIZ prior to the Dissertation Council meeting, at which he/she is scheduled to defend his/her thesis for the TRIZ Master certification. This amount is non-refundable regardless of the final result of thesis defense (including the case when the candidate failed to defend his/her thesis or failed to attend the Dissertation Council meeting). In the case of successful defense of his/her thesis, a candidate must wire transfer an additional amount to MATRIZ, which is equivalent to \$250 US (this amount must be wire transferred prior to the issuance of the TRIZ Master Certificate).
