

Alp Lin

Ph.D. (Post-Ph.D.) Senior Engineer

National Innovation Method Standard Committee Members of the Association.

Founder of Beijing IWINTALL Ltd

Served in consulting related fields for up to 20 years

Email: Alp-lin@iwintall.com / Phone: 13911658360

EMPLOMENT:

- 📖 Aug. 2002—March 2007, Beijing IWINT Ltd, Sales Director (and technical support manager)
- 📖 March 2007—2018, Beijing IWINT Ltd, General Manager, responsible for marketing, sales, and technical support
- 📖 March 2018—current, Beijing IWINTALL Ltd, General Manager, responsible for Growth & Innovation and Digital Transformation

1. Manage daily sales activity, target defense industry, State-owned large and medium-sized enterprises, and universities. Manage up to 20 sales.
2. Manage daily activity for technical support for up to four regions, including pre-sales and after-sales support, training, implementation, and consulting.
3. Government BD. Identify new business opportunity.
4. Channel management: manage distributors and resellers.

Responsibility as technical support manager:

1. Conceptual design and innovative design in the process of new product development began in 1998.
2. Research on the innovative design of computer-aided products.
3. The relevant research results have been published in the Journal of Mechanical Engineering, China Machinery Published in Machinery Engineering and other magazines.
4. The relevant research results have been published in the Journal of Mechanical Engineering, China Machinery Published in Machinery Engineering and other magazines.
5. Compiled (translated) books "TRIZ Tips for Realizing Technological Innovation", "Technological Innovation Implementation Methodology-DAOV", etc.

Responsibility as Product presales and after-sales:

1. working on the the core ideas of TRIZ theory and CAI application technology research,
2. software development and marketing development for TRIZ.

Membership

- 📖 Deputy Secretary-General of the Innovation Method Research Association.
- 📖 Member of the National Innovation Method Standards Committee.
- 📖 Member of the Innovation Method Teaching Guidance Subcommittee of the Ministry of Education.
- 📖 Member of the Praesidium of the International TRIZ Association, Director of the China Creation Society.
- 📖 Deputy Director of the Innovation Engineering Branch of the China Creation Society.
- 📖 China's first international TRIZ is a member of the fourth-level certification of the Association, and it is also the first in China.
- 📖 Experts with international TRIZ certification and authorization qualifications.
- 📖 Member of the Academic Committee of Sichuan Key Laboratory of Innovative Methods and Innovative Design.
- 📖 Chairman of Inner Mongolia Innovative Methods Research Association.
- 📖 Deputy Director and Member of the Innovation Engineering Branch of the Chinese Society of Creation.
- 📖 Guest and part-time professor of many universities.

Certificates

- 📖 In 2008, the company's computer-aided innovation software successively won the informatization of China's manufacturing industry.Engineering Product Innovation Award; "Gift to the 30th Anniversary of Reform and Opening Up • China Software Industry Series Award". Activity "China Software Industry Innovative Design Software Trusted Products" Award.
- 📖 In 2009, General Manager Lin Yue was awarded the "2009 Beijing" by the Beijing

Enterprise Evaluation Association.Enterprise Evaluation Association Science and Technology Innovation Person Award.

- 📖 In 2011, it was awarded by the Ministry of Science and Technology as the "Excellent Group for the Implementation of the 'Eleventh Five-Year Plan' National Science and Technology Plan' Team Award"
- 📖 In 2012, General Manager Lin Yue won the third prize of the Science and Technology Progress Award of Xinjiang Uygur Autonomous Region Award.
- 📖 In 2014, General Manager Lin Yue was selected as the product quality innovation of Beijing Product Evaluation Center. Contribution Award - Character Contribution Award; Awarded as the "Innovative Talent of Chaoyang District" Award by Chaoyang District, Beijing
- 📖 In 2017, General Manager Lin Yue won the Science and Technology Award of AVIC Industrial Group.
- 📖 In 2020, General Manager Lin Yue won the title of "The Most Beautiful Science and Technology Worker" of the Beijing Science and Technology Association.
- 📖 In 2020, General Manager Lin Yue won the second prize of the Beijing Science and Technology Progress Award.
- 📖 In 2022, General Manager Lin Yue won the cross-training of high-level talents in Beijing Higher Education Institutions. Recognition of the results of the "training plan". The honorary title of "Innovation Talent" of Beijing Enterprise in 2022.
- 📖 2024 Innovative Method Research Association Innovation Method Achievement Award.

Education

- 📖 2002.8-2004.8 Beijing Institute of Technology Post Doctor completed the scientific research tasks during the station
- 📖 2000.3-2002.8 TianJin University PhD
- 📖 1997.9-2003.3 TianJin University Master Degree of Engineering
- 📖 1993.9-1997.8 TianJin University Bachelor Degree of Engineering
