

Appendix 10
of MATRIZ Regulations for Multi-Level Certification
of of TRIZ Practitioners, Specialists and Masters

Price List for the Certification Procedure

1. Authorized CEM Representatives independently determine the price for their own services related to certification, starting from "free of charge" up to any market-appropriate level.
2. For each certified person, the fees in US dollars described in point 3 (electronic certificates) and in point 5 (paper certificates), subject to point 6, must be duly paid to and received by the Association.
3. These fees cover the issuance of the **electronic certificate (PDF format)**, which is the **standard and primary form** of MATRIZ certification:
 - Level 1 Certificate (PDF) – 50 USD
 - Level 2 Certificate (PDF) – 100 USD
 - Level 3 Certificate (PDF) – 200 USD
 - Level 4 Certificate (PDF) – 300 USD
 - Level 5 Certificate (PDF) – 500 USD
4. As an alternative to electronic certificates, which are the default choice, a paper (printed) version of the certificate may be issued and delivered to a specified postal address upon request.
5. The price of a paper certificate for levels 1 to 3 is calculated as: Electronic Certificate Price + 10%. Accordingly, the prices for paper certificates are:
 - Level 1 Certificate (paper) – 55 USD
 - Level 2 Certificate (paper) – 110 USD
 - Level 3 Certificate (paper) – 220 USD
6. Price of paper certificates for levels 4 and 5 is the same as the price of electronic version for respective levels.
7. In addition, a fixed shipping fee of 55 USD applies to each package of paper certificate shipment.
8. All certification fees must be wire transferred to the Association's bank account based on an invoice prepared and delivered to the Authorized CEM Representative by the Association
